Re Registering Strong Opposition to Dockets RM10781, RM10782, RM10783,
RM10784, RM10785, 10786 Concerning Deletion of Morse Code Testing for
HF Privileges in the Amateur Radio Service

Ma'am

I am a licensed radio amateur and a taxpaying and voting citizen. I have used international Morse both as a Naval radio operator and an Amateur Operator. I know first hand of it's effectiveness as a means of emergency public service communications under terrible atmospheric conditions. In other words, "it works". I get on the air and use international Morse on the vast majority of days in the year. It is a viable mode which can be utilized in simple radio equipment. It is my opinion that if morse testing is eliminated, we will have 7 Citizens Band's instead of one. The results will not be good.

Thanking you for your time and consideration in this matter
Sincerely

Gregory Harris

A handwritten signature in cursive script, appearing to read "Gregory Harris". Below the signature is the printed name "Gregory Harris".

REC'D & INSPECTED
SEP 18 2003
FCC-GBG MAILROOM

A rectangular stamp with a double border. The text is arranged in three lines: "REC'D & INSPECTED" at the top, "SEP 18 2003" in the middle, and "FCC-GBG MAILROOM" at the bottom.

A handwritten signature in cursive script, appearing to read "O". Below the signature is a horizontal line.
